***Claims Rejections – 35 USC 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Parkhurst or Czichos or Broome or Miller. Each of the references disclose a golf tee comprising a tee body having a tip end and a flat end and a cap having a hole for receiving the flat end of the tee body. The references also teach placing a golf ball atop the flat portion of the cap.

***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
